CONVERTED PULL SCRAPERS

"Move more dirt with less downtime, with a professionally converted CONSTRUCTION GRADE pull scraper."

Holmes converted construction grade pull scrapers are made to be pulled with heavy horsepower bull dozers, track tractors, or large wheeled agricultural tractors

BUILT TO LAST

- 11 to 41 yard capacities
- Brand name bowls with over the counter parts available

****30 plus years of scraper conversion experience and knowledge****

We do it well, and we do it right. Whether you are looking for a single scraper or an entire fleet, we will find the right size and bowl condition for your needs
